

INTI International University and Colleges, Malaysia

INTI, a pioneer in the Malaysian private higher education sector, is one of the most respected and recognised names in the industry. Established in 1986, INTI has evolved tremendously over the years and today has 5 campuses in Malaysia and partnerships with some of the biggest and most renowned names in higher education around the world.

In Malaysia, apart from INTI International University - its flagship campus in Negeri Sembilan - INTI has campuses in Selangor, Penang, Sabah and Kuala Lumpur, offering more than 100 course options.

In 2008, INTI raised the bar in the education sector, by becoming the first home-grown institution to be part of a global education network. INTI officially became a member of the prestigious Laureate International Universities network, opening a whole new dimension and world to its existing and future students. The combined global resources of Laureate International Universities and INTI have fused into a stellar entity offering students superior career-focused programmes.

Backed by international curricular and academic experience drawn from a constellation of over 80 accredited universities and 130 campuses, spanning 30 countries worldwide, students will benefit from global best practices and international exposure.

The emphasis on employability ensures that every INTI student will possess distinct qualities, setting them apart from their peers – as assets to their employers as well as individuals who are ready to compete in the global market.
