- Launched 3rd campus, Straits Quay, Penang, Malaysia

2016

2017

- Started MBA Business Administration & Degree in Logistics programmes awarded by University of Gloucestershire, UK

2018

ABOUT PENINSULA

PENINSULA COLLEGE

Peninsula College, formerly acknowledged as ALC College is proudly stepping into its' magnificent 21st year in tertiary education.

Holding devotedly to our motto – Creating Future LEADERS, Peninsula has always been conscious to not limit our academicians with a strong background of subject matter, but also a significant industrial shade that assures distinctive entrepreneurial and industry expectations tutoring to students. Probably, this could be our niche of producing graduates with 100% employability record for all these years.

The year 2017 flagged the notable expansion of Peninsula Higher Education Group which includes awarding of MS ISO 9001: 2015 and welcoming of new academic partner, Plymouth University, UK, in addition to our years long distinguished partner, University of Gloucestershire, UK.

Becoming wholly-owned by PKT Logistics Group Sdn Bhd, a prominent ownership made Peninsula being the pioneer in Southeast Asia to build state-of-art corporate campuses in Selangor and Penang, Malaysia. These enables students' learning to be colliding with the real working environment, a platform for them to enhance their academic knowledge through the hands-on exposure.

The institution is unwavering on its primary mission of providing far-reaching and holistic learning environment. With 3 stunning satellite campuses, City Campus in Klang, Lighthouse Campus in Shah Alam and Straits Quay Campus in Penang; Peninsula Higher Education Group is highly anticipated with the construction of 4th campus which has the capacity to accommodate 5000 students, The Ship in Penang, slated to be completed in 2020.

Peninsula College – **“Creating Future LEADERS”**

GROUP CHAIRMAN DATUK WIRA JALILAH BABA

Datuk Wira Jalilah Baba is known for crafting the strategic vision to achieve organizational goals in promoting Malaysia as the premier investment destination. She was the former Director General and CEO of Malaysian Investment Development Authority (MIDA). Datuk was appointed as the Director General and CEO of MIDA on 15th of June 2008 after holding various prominent roles in the Malaysian Government.

Datuk is one of the top economists in the country with expertise in handling investment related matters especially in FDI (Foreign Direct Investment), tax matters and high impact incentives packages while being a reference centre on economics and investment matters. She was appointed as PKT Group Chairman on the 5th of September 2011.

She has a Bachelor of Arts Degree in Economics from University of Malaya. She has vast experience and expertise in investment promotion, international investment, economics, finance, government procedures and regulations governing issues such as tariffs, customs, free zones, warehousing and logistics, etc. from her tenure of service of 30 years in Malaysian Investment Development Authority.

Datuk Wira Jalilah is currently a Board Member of RHB Capital Berhad, Education Malaysia Global Services and a member of the International Advisory Panel of Labuan Financial Services Authority among others.

MESSAGE FROM GROUP PRESIDENT & GROUP CEO

PROF. DR. IAN PASHBY

Thank you for your interest in studying at Peninsula College, you are about to take the next step in a journey that will lead to employment in an ever changing world.

Using vibrant, innovative facilities, and teaching staffs who are both academically qualified, and have a deep understanding of industry's needs, we aim to educate graduates who will become future leaders.

Work – study schemes and job placement are important features of how we help our students develop the confidence and skills needed in the rapidly changing world of today.

Through our University partners we are able to provide high quality, degree level UK education in a Malaysian setting. Studying with Peninsula College will transform you; we will help you develop and succeed. I look forward to welcoming you as a student at our College.

MESSAGE FROM CHIEF EXECUTIVE OFFICER

MR. EDMUND EDWARD

I am all delighted to welcome you to the Peninsula family, and I sincerely wish your journey with us to be a burst of knowledge, self-discovery and input of vast skills.

Considering myself a veteran in this tertiary education field, for the last 30 years, I have seen the transition from 'paper' to 'paperless'. Today, the education is about designing a leader through the evolved 'smart classroom' environment where traditional chalk and board replaced by modern and digital approach.

Graduates are expected to be the self-driven navigator of their professional demands, regardless of the industry they belong to.

Realizing this swift yet welcoming change, here at Peninsula, we take responsibility to facilitate this new sets of graduates' objectives through purpose-designated knowledge delivery.

My pearl of wisdom for your travel as a Peninsula graduate, you should be able to 'Learn, Un-learn, Re-learn' the experiences gained as this would allow you to be a successful conqueror under any circumstances.

Wishing you blue skies!

STUDENT SUPPORT TOOLS & CARE

LMS

Typically, a learning management system provides an instructor with a way to create and deliver content, monitor student participation, and assess student performance

DIGITAL LEARNING

A wide spectrum of options exists and creates a continuum of technology use in teaching

CMS

Could be accessed via cloud, enabling both student and parents to be aware of the latest news & any details regarding the students' academic performance

PERSONAL TUTORING

Personal coaching by assigned lecturers to students addressing various academic matters outside the lecture hours

DISCUSSION ROOM

A spot for students to hang out with peers while having a group discussion

Collaborative Partner Universities

THE SHIP CAMPUS

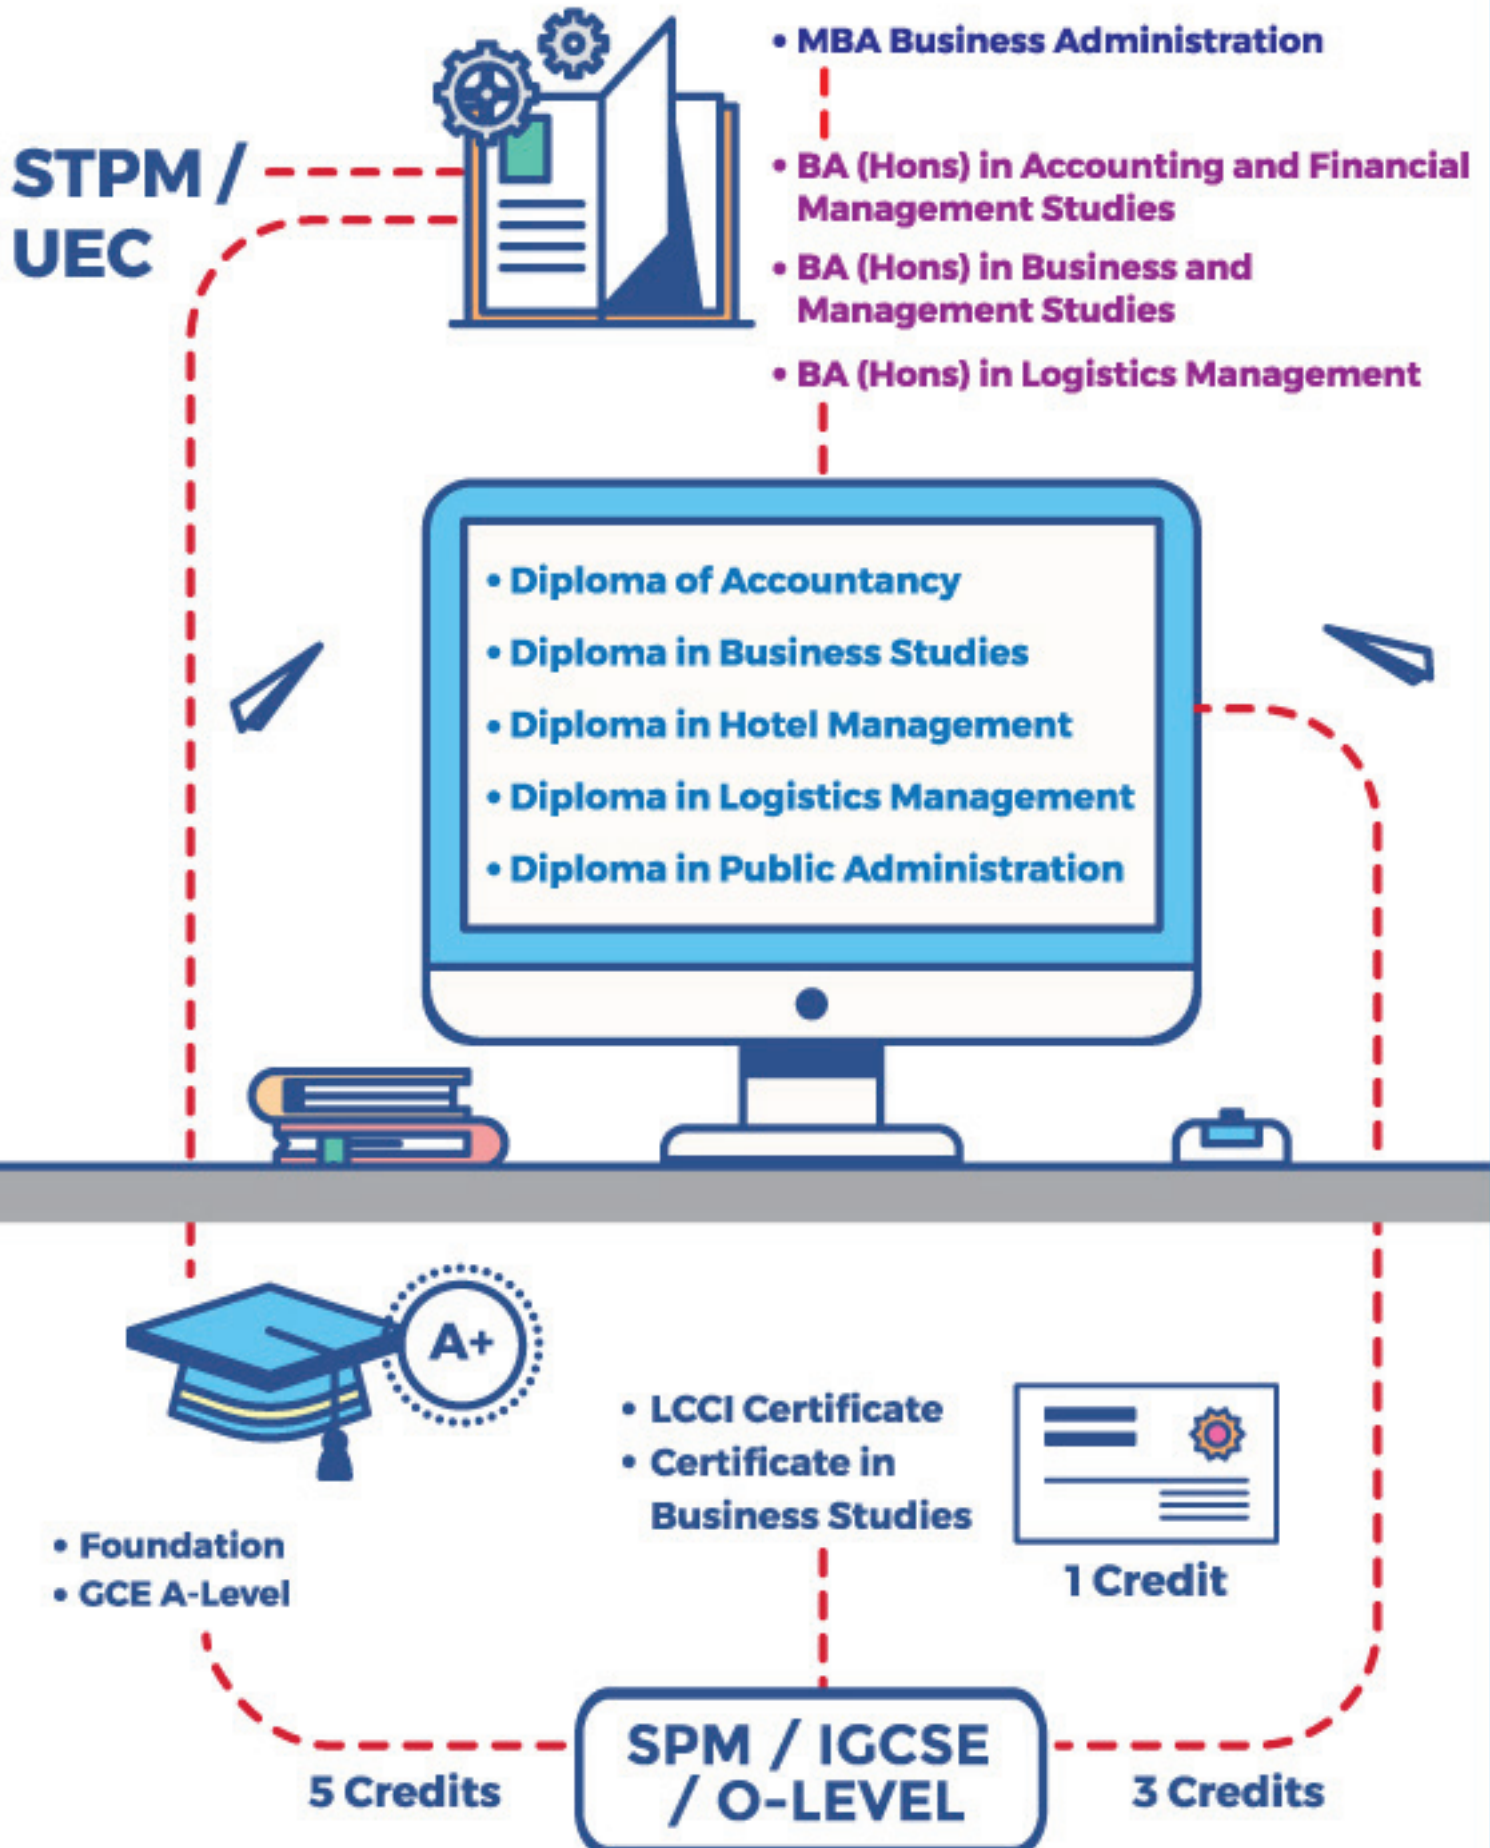

YAYASAN PKT SCHOLARSHIP

Dato' (Dr.) Michael Tio
Managing Director of PKT Logistics Group

PENINSULA
COLLEGE

Logistics Management has become increasingly significant in business today and has evolved in many ways to become a forefront strategic operations tool that propels business operations to greater heights. Quality of the programme conducted by this institution is monitored through how we conduct the course as well as coursework given to students that meet the current industrial logistics needs. This programme aims to equip students with skills to adapt current knowledge to the applications of the management, finance, IT and technology to industrial logistics. The curriculum lays emphasis on giving the students hands-on, practical learning experience by seasoned industry practitioners and thereby enhancing their employability upon graduation.

As a college student, we are always surrounded by motivated and talented people. Therefore, we get many platforms to perform and improve ourselves. I believe all these experiences gained indirectly shall help us in becoming successful in our future career.

PENINSULA
COLLEGE

**UNIVERSITY OF
GLOUCESTERSHIRE**

Through design thinking and practical exercises that build on theory, you will enhance your management and leadership capabilities. Students come from a wide variety of backgrounds and are encouraged to draw on their own experience as well as their newly acquired skills and awareness. This contributes to a dynamic learning environment that includes business simulations, innovative problem-solving and blended learning. Approaching business problems creatively, you will develop a skill set for tackling complex issues based on thoroughly understanding client needs, collaborative working, cross-disciplinary thinking, personal reflection and rapid prototyping of new ideas.

Being a student with the background in accounting, I did not find it hard to enroll to the business program offered by Peninsula because of the tremendous support and inspiration from the lecturers, staff, and friends I met while studying here. Taking up this course in Peninsula is a decision that I am proud of and never regret.

GAIN WORKING EXPERIENCE WHILE STUDYING!

At Peninsula College the students are introduced to JBSB Programme where they gain working experience while studying. A significant number of our students come from average socio-economic status and open to the idea of working to earn their supplementary income to manage their daily expenses independently without burdening their parents. With this additional self-earned income, our students are able to support their expenses independently and ease their parents' financial constraints.

FANTASTIC JOB OFFER 2018!

I have made my wisest choice by choosing ALC College (now known as Peninsula College) to complete my Degree in Business Administration.

In ALC College, you can always seek advice and guidance from the seniors, friendly CEO Mr Edmund Edward, the helpful and dedicated lecturers and all the staffs.

I am one of the selected two students to pursue a career in Nagoya, Japan, working for Daisei

Every24 via a programme initiated from a collaboration between Peninsula College, PKT Logistics, and Daisei Every24 Logistic Japan. It's a lifetime experience,

I treasured every moment here in Japan and I hope to see more ALCians join me soon.

SMK La Salle

I have had a wonderful experience with ALC College (now known as Peninsula College). The staff, lecturers and above all the management team have always stepped up and helped me out in every possible way. The course has been very informative and my knowledge base has really

grown with them. I would definitely recommend ALC College as a place of knowledge and growth. Not just for the grand opportunities but for the grand skills you would acquire to face the real deal. It's a privilege to be part of this family. Thank you, ALC!

SCHOLARSHIP «KUK

It was such an honour to become part of the Peninsula College which has provided me with numerous learning opportunities in growing me up both mentally and professionally. Apparently, it has been one of the best choices throughout my entire life that I never regret of.

Peninsula College is honoured to be conferred with CSR Award for our Consumer Behaviour Project during the maiden Education Awards Ceremony 2019 endorsed by SinChew.

This solicitous 12 weeks long project is done since 2003 by the final year Diploma in Business Studies, whereby they run their own SME business to raise charitable profits for underprivileged organisations & healthcare centres. Apart from gaining valuable experiences, students get the firsthand exposure of actual commercial setting and network, which prep them well for future employment while being a responsible citizen.

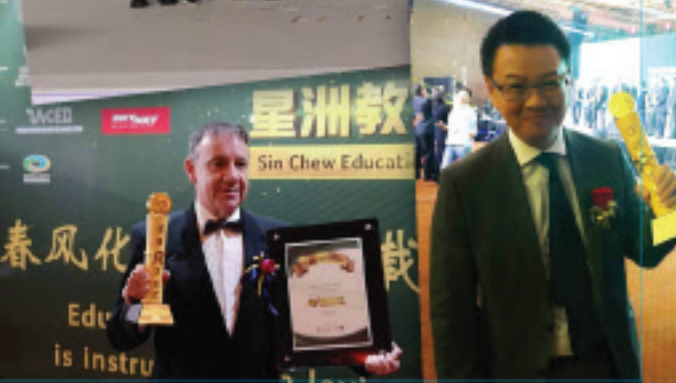

Nurturing civic-conscious graduates is one of our main priorities!

Making charity their business, too

Final-year students of Klang college raise RM166,000 for four causes

Final-year students of Klang college raise RM166,000 for four causes. The students have successfully raised the amount through their business ventures, which were run as a social enterprise. The funds will be used to support various charitable causes, including healthcare and education.

THE SHIP CAMPUS

Located inside the One Auto Hub at Bandar Cassia, Batu Kawan, Penang, will be able to accommodate about 5,000 students once completed. The Ship Campus will offer various courses such as electrical and electronics engineering, mechanical engineering, business studies, logistics studies, accountancy and law.

The Ship Campus will be undertaken by PKT Logistics Group Sdn Bhd under the company's Corporate Social Responsibility(CSR) programme and it is expected to be ready latest by 2020. The presence of the One Auto Hub will be a boost to the rapid development of Batu Kawan as it is the 3rd satellite modern township in Penang. Penang is strategically located with good infrastructure, strong manufacturing base, supply chain network and logistics infrastructure and established airport, cargo and port facilities.

See you in **2020!**
