ABOUT INTI

At INTI, our mission is to bridge the needs of tomorrow through the competencies our students gain today, empowering them to become the leaders, innovators and game changers of the future. We are committed towards ensuring our students gain the competencies needed for the workplace of the future, and to work alongside the digital transformations driving today's global businesses in the Fourth Industrial Revolution.

Through our innovative teaching and learning and extensive industry partnerships, we empower our students with the ability to work with smart machines, to process and analyse data for better decision-making, to learn about technologies that impact businesses and manufacturing processes, and to develop professional skills such as adaptability, working with multidisciplinary teams, problem-solving, and a thirst for lifelong learning.

By inspiring our students to explore their passions and discover their true potential through the right skills, tools and experiences, we continue to be a force of change in revolutionising education. Our commitment is to ensure exceptional graduate outcomes, and to transform our students into the dynamic leaders of the future – ones who will lead us in the Fourth Industrial Revolution, and beyond.

INNOVATIVE Teaching & Learning

INTI integrates an array of proven approaches to teaching combined with revolutionary applications of technology in the classroom such as the innovative Blackboard Learning Management System.

Blackboard

With Blackboard, learning does not only happen in the classroom, it happens everywhere. It's a holistic, integrated system to collaborate and interact with fellow students and lecturers. Students can offer and gain feedback from their peers on coursework and perform self-assessments while learning in a safe, nurturing and holistic environment.

GLOBAL RECOGNITION AND ACHIEVEMENT

And Lecturers' Evaluations**

INDUSTRY RELEVANCE

INTI has established a strong collaborative network with key leading companies in the industry and has been at the forefront of education innovation by offering an academic curriculum that is not only industry relevant but also immensely effective.

INDIVIDUAL Development

INTI endeavours to include practical experiences in every programme it offers. From practical workshops taught by local and international guest lecturers and industry practitioners who share the ins and outs of the working world, to hands-on practical projects initiated by potential employers.

THE MENTOR-MENTEE PROGRAMME

Expand your social circles and future horizons

New students at INTI are paired up with a senior student who acts as a role model and offers assistance in easing them into academic life. The mentor-mentee programme supports new students to form social bonds and helps them become a part of the close-knit INTI community. These social bonds provide a significant part of the support a student receives during their journey at INTI.

PARENT / TEACHER MEETINGS

Get valuable feedback and grow

To keep abreast of a student's academic progress at INTI, both students and lecturers have access to the Blackboard Academic Learning system which helps them track the areas for improvement. Parents and caregivers are also invited to meet with the student's lecturers and academic staff to discuss their academic performance and explore ways to enhance it.

LINKEDIN

Building your personal brand and your link to a world of opportunities

INTI has established a collaboration with LinkedIn that leverages its powerful connections, and offers training for students to create their personal brand and profile that elevates their opportunities for employability. Regular workshops are conducted to teach students how to create a compelling resume that will resonate with potential employers. With a complete, job-ready LinkedIn profile even before they graduate, INTI students have the perfect platform to build and enhance their personal brand.

MAKE YOURSELF FUTURE READY

INTI PRE-UNIVERSITY - THE FIRST STEP TO SUCCESS

Standing out from the crowd in a highly competitive job market requires you to have a decisive edge. The INTI Pre-University course not only prepares you for tertiary studies at the world's best academic institutions, it also empowers you with a holistic foundation of both soft skills and knowledge to succeed later in life. If you have your sights set on studying in a world-class university, the INTI Pre-University programme is the first step to success.

INTI UNIVERSITY PLACEMENT SERVICES TEAM

The success story of every winner has a team backing them up every step of the way. To get you started on the road to success, INTI has a dedicated University Placement Services team that helps you take the guesswork out of applying for university.

Applying to a university abroad can be daunting, with the myriad of rules and regulations to comply with and multiple procedures to follow in the application process. INTI's experienced University Placement Services team can help with the entire process, making it less stressful and easier to understand. As a complimentary service for INTI students, the team is ever-ready to assist and offer the following services:

- Assistance with the application process for scholarships and university placements along with preliminary budgeting for living abroad
- Professional advice on selecting the best academic institution to fit a student's needs
- Advice to craft an effective study plan to meet the English language entry requirements for a selected academic programme
- Regular mock interview workshops to enable students to practice their skills before facing an actual university placement interview
- Assistance with facilitating a letter of recommendation for university applications for eligible students
- Special talks by invited speakers from overseas universities on succeeding in the university application process

INDUSTRY ATTACHMENT PROGRAMME

A pioneer addition to the INTI Pre-University programme, students can volunteer for internships with accredited partners and learn more about the working world in a safe, supervised manner.

PARENT / TEACHER CONSULTATION SESSIONS

To ensure students are progressing on the right path and caregivers are properly appraised of their child's progress, the INTI Pre-University course integrates regular parent-teacher meetings so that both sides can highlight any concerns that they have.

Student performance is also regularly monitored with an early warning system set in place to help bring them back on track should they fall behind or encounter challenges in their studies. For those who need further help, INTI has also provisioned Peer Assisted Study Sessions (PASS) where senior students help to guide academically poor students in order to improve their performance.

WORLD-CLASS SUBJECT MATTER EXPERTS

The INTI Pre-University programme is staffed by some of the world's best lecturers as well as a team of respected Subject Matter Experts (SME). Each SME is an authority in their own field, offering specialised, world-class expertise in an important subject, business area or technical field, allowing INTI students exclusive access to their expert knowledge. INTI's SMEs also act to ensure that the courses offered at the INTI Pre-University programme continue to be relevant and are on par with the world's highest standards. The results speak for themselves.

CAMBRIDGE A-LEVEL

Over the years, INTI has produced Cambridge A-Level students who have achieved Outstanding Cambridge Learner Awards. Recipients of the award are recognised as the world's best-scoring students, with INTI Pre-University students earning Top in the World and Top in Malaysia for Biology, Business, Economics, Law, Mathematics and Physics.

SACE INTERNATIONAL

INTI Pre-University students were awarded the Highest SACE International Subject Achiever Award and SACE Merit Certificates for Accounting, Biology, Chemistry, English as Second Language Studies, Mathematical Studies, Research Project and Physics.

CAMBRIDGE A-LEVEL (CAL)

Conducted by Cambridge
Assessment International
Education (Cambridge), this
programme provides students
with a wealth of options to study
a wide range of professional
courses at the best universities
in the world. It also equips them
with reasoning and thinking skills
that are necessary for degree
courses.

The CAL consists of two levels:
the Advanced Subsidiary (AS)
Level and the Advanced 2 (A2)
Level.

International recognition

The Cambridge A-Level is one of the most
recognised qualifications around the world. For
over 50 years, it has been accepted as proof of
academic ability for entry into local and foreign
universities and institutions of higher learning.

- Good A-Level grades are key to admission
into the world's leading universities and
institutions of higher learning
- Good A-Level grades can also result in
one full year of advanced standing at
universities in the United States
and Canada

Assessment

The Cambridge AS and A2 Level examinations
are conducted in May / June and October /
November. The May / June examination
results are released in August, while October
/ November results are released in January.
Students will receive a certificate after
completing the AS level examination and the
A-Level certificate after completing both the AS
level and A2 level examinations.

- Law
- Mathematics
- Physics

Recommended subject combinations

Different recommended subject combinations
are available, providing students with a
balanced mixture of subjects to meet the
subject entry requirements for their university
studies. Students can choose either three or four
subjects from one of the combinations.

Medicine, Pharmacy, Dentistry, Sciences

- Biology
- Chemistry
- Mathematics
- Physics

Engineering, Actuarial Science, Sciences

- Chemistry
- Economics
- Further Mathematics**
- Mathematics
- Physics

Law, Mass Communication, Finance, Commerce, Accounting

- Accounting*
- Business Studies
- Economics
- Law
- Mathematics

* Subject prerequisites apply.
** Depending on your final degree choice. Please refer to Head of Programme for further clarification.
Subject to campus availability.

* Only available in Subang and Penang. Accounting in Penang campus is only offered for January intake.
** Can only be taken as 4th subject in both campuses (Subang & Penang).

Please consult the programme counsellors on subject combinations before registering. Students are advised to refer to the respective universities for detailed information on subject prerequisites.

FOUNDATION IN ARTS

This programme is specially designed to prepare students for the field of communication. It also has few subjects that allows students to venture into Business, Psychology and Sociology. There are four major communication subjects to enhance understanding in the field of communication. As these subjects are also substantial in business degree programme, students have the option to choose electives or pathway of Business or Psychology. Students are also given an insight into creative and critical side of writing to prepare them for an ultimate unique career.

Mass Communication Pathway

This programme is designed to enhance communication skills and media literacy skills required of future media practitioners. Students will be given an insight into the creative and critical side of writing, to prepare them for a career that requires the use of words and images to creatively and effectively communicate ideas via media such as television, radio, newspapers and the Internet.

Business Management Pathway

This programme will also allow students to study courses relevant to their desired degrees in the areas of management. These courses provide a fundamental understanding of concepts and principles of how an organisation works, organisational structure and behavior, market structure and consumer behavior.

Assessment

Assessment of individual courses in this programme consists of two components:

- Continuous coursework (50%)
- Final examination (50%)

The continuous coursework component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

- Basic Sociology
- Digital Communication
- Fundamentals of Psychology
- Macroeconomics
- Microeconomics
- Visual Communication

Combination 1

- Digital Communication
- Visual Communication

Combination 2

- Macroeconomics
- Microeconomics

Combination 3

- Basic Sociology
- Fundamentals of Psychology

FOUNDATION IN SCIENCE

This programme prepares students for admission into Science or Engineering-related degree courses at INTI. It is also an exit certificate course that enables students to apply directly to other universities in Malaysia. It is designed to equip students with solid fundamental knowledge that will enable them to pursue their degree studies in the areas of Biotechnology, Engineering, and Allied Health Sciences.

Students have a choice of Engineering, Biological Science or Pure Science. Those who wish to pursue engineering based programmes need to take engineering elective subjects and those who wish to pursue biology based programmes need take the biological science elective subjects. However, students who opt for the pure science pathway can pursue their studies in engineering or any science based undergraduate programme.

Assessment

Assessment of individual courses consists of two components:

- Continuous coursework (50%)
- Final examination (50%)

The continuous coursework component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

* Offering of electives, please consult the Head of Programme.

* Applicable to INTI International University only.

FOUNDATION IN BUSINESS

The programme aims to equip students with both the academic knowledge as well as industry skills to compete in the international market. The programme introduces students to the world of business with an initial grounding in management skills. Students will obtain solid fundamental understanding of concepts, principles, structures and behaviors of an organization, the competitive business environment, and consumers behavior. The academic knowledge and practical skills gained will help them springboard into the next level, a Business degree programme.

Business pathway

Students will study courses relevant to their desired degrees in the areas of management and accounting. These courses provide a fundamental understanding of concepts and principles of how an organisation works, organisational structure and behaviour, market structure, and consumer behaviour.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous coursework: 50%
- Final examination: 50%

The continuous coursework component comprises different tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

- Basic Computing
- Fundamentals of Mathematics
- Business Statistics
- Microeconomics
- Macroeconomics
- General Studies
- Skills for Creative Thinking
- Self-Development Skills

**Pre-requisite required*

FOUNDATION IN INFORMATION TECHNOLOGY

The programme aims to promote students to progress into various fields of IT and Computer Science Degrees, so that they can thrive in an increasingly competitive employment market. It achieves this through a blend of academic study and skills development. The programme is designed for students who are seeking a career in the field of IT and Computer Science which aimed to meet the industry demands by producing graduates who are qualified, competent, creative and innovative, and who will eventually be the expert in this industry. Graduates of this program may progress to an undergraduate degree, namely Computer Science, Information Technology, Computing, and Information System.

IT pathway

Students will take up Programming Techniques and Introduction to Database Management System. At INTI International College Subang, students will take Advanced Mathematics. These courses are designed to enable an understanding of the technical and humanistic aspects of computing.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous coursework: 50%
- Final examination: 50%

The continuous coursework component comprises different tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

Offered at

INTI International University
(N/482/3/0170) (06/26) (14588)

INTI International College Subang
(N/482/3/0169) (05/2026) (MQA/PA14514)

INTAKES: JAN, APR & AUG

Duration

1 Year

Progression

Students who have successfully completed the Foundation in Information Technology can choose to enter the following undergraduate programmes:

Information Technology

- Swinburne University of Technology, Australia
- 3+0 Bachelor of Computer Science
- 3+0 Bachelor of Business Information Systems

Coventry University, UK

- 3+0 Bachelor of Science (Hons) in Computer Science
- 3+0 Bachelor of Science (Hons) in Computing
- Bachelor of Computer Science(Hons)
- Bachelor of Computer Science(Hons) Business Analytics
- Bachelor of Computer Science(Hons) Cloud Computing
- Bachelor of Computer Science(Hons) Mobile Computing
- Bachelor of Computer Science(Hons) Network and Security
- Bachelor of Computer Science(Hons) Software Engineering
- Bachelor of Information Technology (Hons)
- Bachelor of Information Technology (Hons) Business Analytics

Courses offered

Students are compulsory to complete 13 courses as follows:

- English Language Skills 1
- English Language Skills 2*
- Introduction to Business Studies
- Fundamentals of Mathematics
- Advanced Mathematics
- Business Statistics
- General Studies
- Skills for Creative Thinking
- Self-Development Skills
- Basic Computing
- Programming Techniques
- Data Communication and Networking *(NEW)
- Introduction to Database Management System * (NEW)

**Pre-requisite required*

FOUNDATION IN DESIGN

The Foundation in Design programme offers a broad-based scope for exploration and experimentation that will enable students to become independent thinkers, creators or designers. Students are exposed to topics and projects which will allow them to become creative thinkers and find practical applications that can be translated into working ideas and designs.

The programme also enables students to develop a range of practical skills and fundamental knowledge in art and design, preparing them for smooth progress to a design degree of their choice.

Highlights

- Pathway to a quality UK Design Degree offered at INTI
- The curriculum covers broad theoretical and practical design skills
- Teaching and learning is supported by experienced lecturers, ensuring a smooth progression to degree studies
- Specialist lecturers who are also design professionals
- Experiential and innovative learning via Project-based learning
- The programme and curriculum emphasise multi-cultural perspectives
- Design-driven learning environment with state-of-the-art facilities

INTAKES: JAN, APR & AUG

Duration

1 Year

Programme structure

- 3D Design
- Critical Studies
- Design Communication Skills 1
- Design Communication Skills 2
- Design Theories to Practices
- Design Project
- English Language Skills 1
- English Language Skills 2
- General Studies
- History of Art & Design
- Portfolio Design
- Self-development Skills
- Skills for Creative Thinking

HEAR WHAT OUR ALUMNI SAY

“I must confess, before enrolling in INTI, I had low hopes of being a top achiever as I heard that it was one of the hardest pre-u courses around. Being surrounded and guided by good lecturers proved it was possible and I achieved CGPA 3.88. I've learned that to excel, one must be comfortable asking questions; don't be shy to tap your lecturer's brains. Understanding a topic is the key to mastering it.”

AU YONG TIEN WAY
Foundation in Science

“I think INTI's greatest asset is its formidable team of lecturers. They are helpful, knowledgeable and give whole-hearted guidance and motivation to their students. INTI's renowned teaching system has helped me to achieve excellent results beyond my wildest dreams. Having completed my pre-university programme, I look forward to pursuing my degree and continuing on to a law-related career where I can contribute to society.”

EUGENE ONG WAY HAN
Cambridge A-Level

“Like many, I gravitated to INTI because of its stellar reputation for providing high-quality education, international collaborations with prestigious universities. Personally, what makes INTI stand out from other academic institutions is its strong focus on self-development. My lecturers constantly encouraged us to think about ways to contribute back to society, beyond achieving our personal goals and excelling academically.”

KHOO YAN YING
Cambridge A-Level

“A good teacher can bring out the best in their students and the caring staff at INTI are living examples. Thanks to the gentle guidance from my lecturers, I've grown into a more mature, independent person who is able to make the most of my time in INTI. From participating in cool science projects to making the Dean's list twice, I have many fond memories of this place.”

THIVYA DASS A/P PERUMAL DASS
