CHAMPIONING 3H TRANSFORMATIVE LEARNING

At SEGi, we champion the 3H Transformative Learning to cultivate future-proof graduates. The education of the Head, the Heart and the Hands is a holistic learning approach in transforming future leaders:

HEAD (Knowledge)

Providing the latest curriculum co-designed with international partner universities, local industry practitioners and experts, our proven teaching and learning process has seen over 130,000 graduates working in over 90 countries - ranging from successful entrepreneurs to high level executives and policymakers.

HEART (Attitude)

Being civic-minded and nurturing our students' heart have always been a big part of our curriculum. Throughout the programme, students are encouraged to organise and participate in Corporate Social Responsibility (CSR) projects to use what they have learnt to give back to the community.

HANDS (Skills)

Having the right technical skills will give our students an advantageous edge over their peers. We work hand-in-hand with industry partners to offer professional certifications so that our students have the right academic knowhow, and the relevant technical abilities to put what they have learnt into practice.

A SOLID FOUNDATION FOR A SUCCESSFUL FUTURE

SEGi Group of Colleges offer the widest range of pre-university programmes recognised by various tertiary institutions in the United Kingdom, Australia, New Zealand, and China. Graduates who have successfully completed the foundation studies have been able to enroll in undergraduate studies in a plethora of areas at universities worldwide.

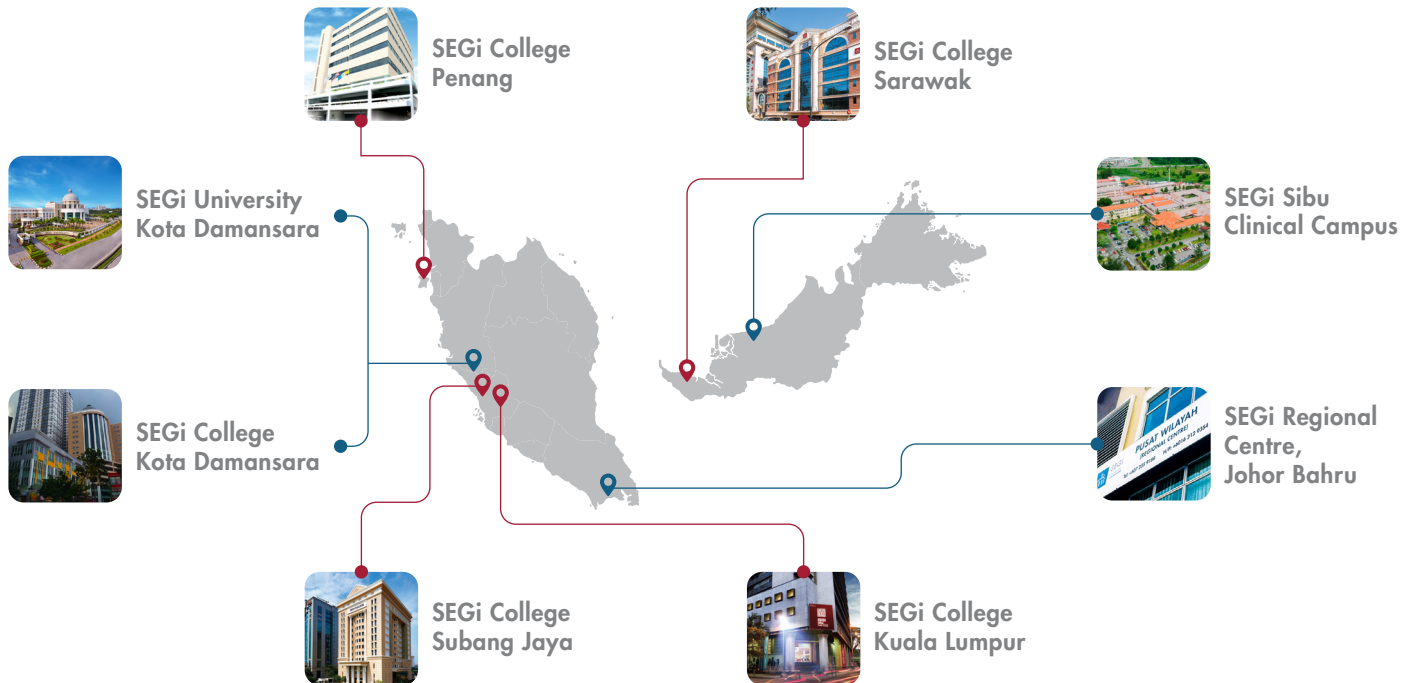

All our programmes are designed to assist in the transition of secondary studies to a university degree. It covers comprehensive theoretical classes and coursework over a course of three (3) semesters. Apart from foundation programmes, SEGi also offers A-Level qualification by Edexcel, the world's leading education and examination body owned by Pearson and UK's largest awarding organisation offering academic and vocational qualifications worldwide.

- 24/7 Online learning portal (Blackboard & E-libraries)
- Free applications & tools (Microsoft 365, Adobe, AutoCount)

BRINGING THE WORLD TO YOU

PARTNER UNIVERSITY

University of Greenwich (UoG), UK

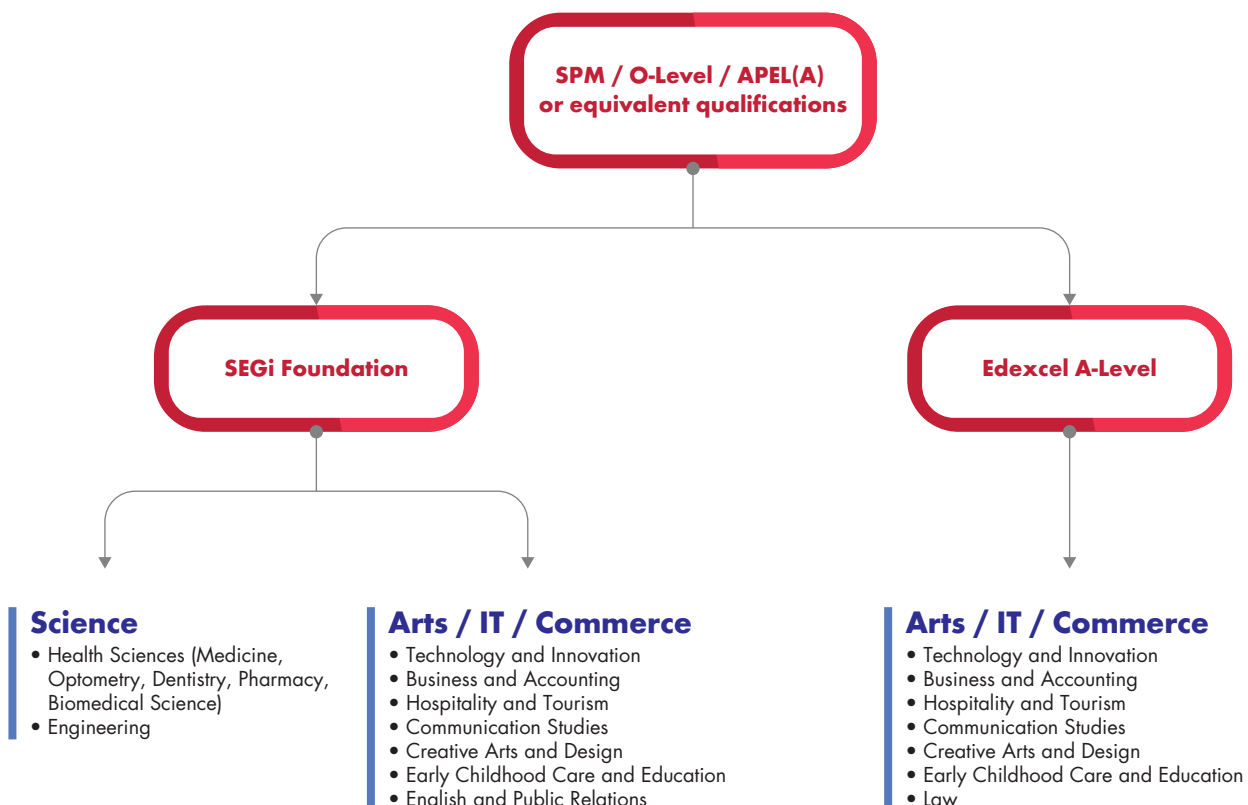

Modestly founded in 1890 as Woolwich Polytechnic, the University of Greenwich (UoG) has risen in the ranks since it gained university status in 1992. A leader in the educational arena, the university has three campuses in South East London and Kent, and is a strong proponent of progressive learning, as is proven by its modern hi-tech facilities. Its 1,200 programmes include Law, Nursing, Business, and Engineering.

Acknowledged the world over as a leading provider of higher education according to the 2017 Teaching Excellence Framework (TEF), UoG is also the proud recipient of The Queen's Anniversary Prize for Higher and Further Education 2015, an award recognising the innovative research and development carried out by Greenwich's Natural Resources Institute within the Faculty of Engineering and Science.

- **QS World Ranking 701-750**
- **Times Higher Education World Ranking 601-800**
- **#1 Transnational University in UK** (Over 17,000 students in overseas campuses all around the world)
- Over 50% of Graduates received First Class Honours in the last 5 years
- Awarded **SILVER STATUS** by Teaching Excellence Framework (TEF)

FOUNDATION IN INFORMATION TECHNOLOGY

KL (R2/010/3/0469) (02/23) (A8609)

Foundation in Information Technology (IT) programme which complies with the latest MQA standards is designed to strengthen student's knowledge in the fundamental IT subjects in order to bridge to tertiary education system smoothly.

This programme is conducted in learner centric basis, which encourages dual directional interaction between students and lecturers. the learning activities are not confined in a classroom, but involves programming practical laboratories, industry visits, participation in competitions and related community service activities. It provides students with the knowledge and practical experience in using current tools and techniques to handle the demands of distributed enterprise application development for progression into or within employment.

Career Opportunities

This qualification is specially designed for students with SPM, O-Level or equivalent qualifications and who would like to pursue a bachelor's degree at the university. Upon successful completion of the Foundation in Arts programme, students may further their studies in a wide range of degree programmes depending on units completed during their studies. Students may be eligible to apply for advanced standing.

The A-Level qualification places emphasis on in-depth knowledge, deep understanding, strong reasoning abilities and critical thinking. It is arguably the most widely recognised pre-university qualification in the world, readily accepted as proof of superior academic ability for entry into world-class universities around the world. The curriculum provides a firm bedrock of fundamental knowledge by guaranteeing comprehensive coverage in the breadth and depth of each subject offered. Students are assessed for their mastery of subject matter, their application of knowledge and understanding to everyday scenarios and their ability to think critically in unfamiliar situations.
