Professional Accounting

FACE TO FACE DELIVERY - PLATINUM

Association of Chartered Certified Accountants (ACCA)

ACCA is the global body for professional accountants. Founded in 1904, ACCA has consistently held unique core values: opportunity, diversity, innovation, integrity and accountability. To achieve this, ACCA works closely with global bodies such as the International Federation of Accountants (IFAC). It has more than 80 global accountancy partnerships, providing support to over 219,000 members and 527,000 students in 179 countries.

The Competency Framework

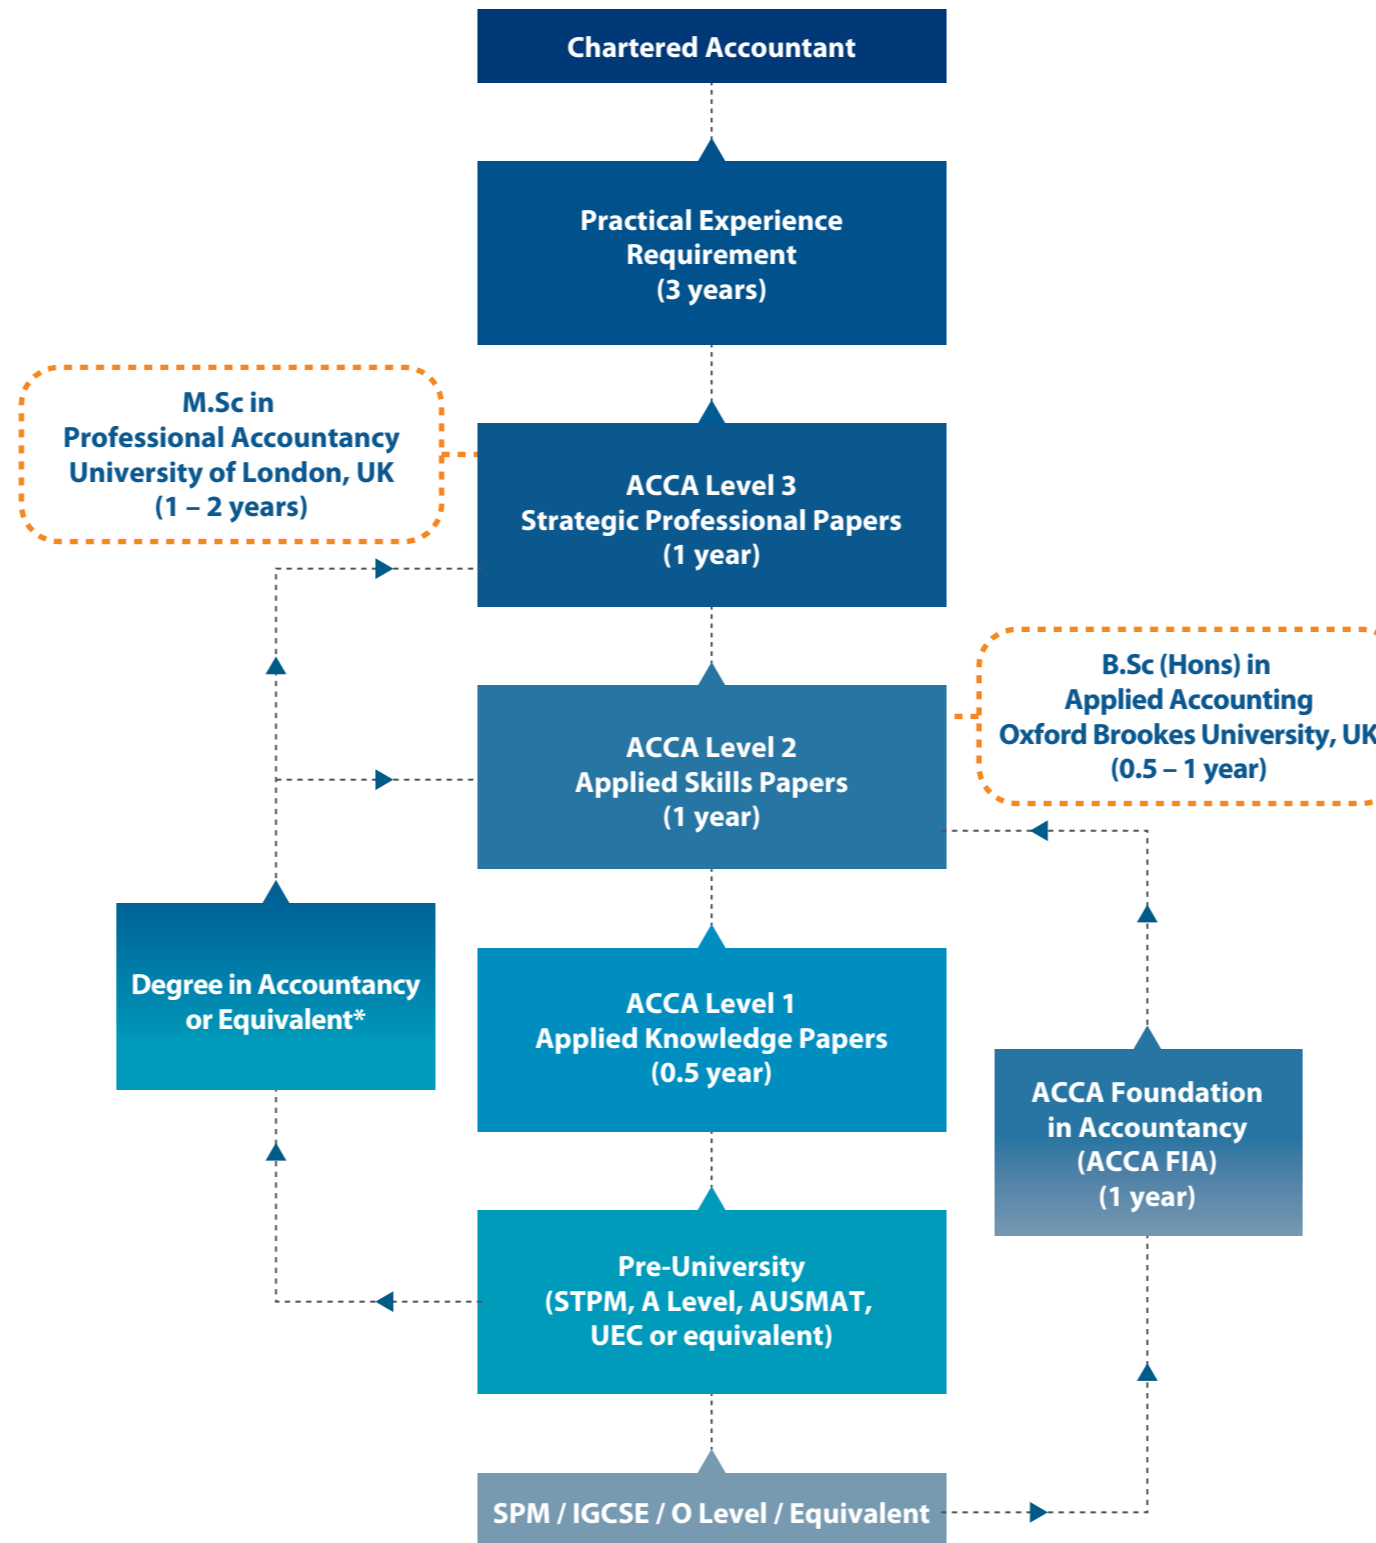

The ACCA Competency Framework is a framework consists of 12 competency areas, which links to ACCA Qualification and Job Profiles. ACCA uses the framework to develop products and services that strengthen and sustain career development of accounting and finance professionals within the workplace. It provides guidance for students to understand the competencies in detail, and how each of the competencies are gained through the ACCA Qualification. The framework also helps students to choose the right performance objectives and plan the career path that they aim to achieve.

MCKL - Platinum Approved Learning Partner

Platinum is the highest and most prestigious level of approval among the Approved Learning Partner programme. Learning providers of this level follow the highest standards to provide students with the best possible opportunity of success. With this recognition from ACCA, MCKL is committed to deliver good pass rate and high-quality teaching to the students.

TESTIMONIALS

Tee Jia En
ACCA, MCKL
RCE Capital Berhad

I first completed my F1 paper at a tuition provider and was then moving around different colleges to complete my ACCA studies according to the lecturers' capability. However, after completing my F6, F7 and F8 in MCKL, I decided to continue my ACCA journey here due to the facilities and environment, and especially because of the many friends I made.

Ang Guo Weng
ACCA, MCKL

Before I handed in my admission form to MCKL, I visited many other colleges. While other colleges may have better facilities, I felt something different about MCKL. The way they run the college was not as commercialised and they often put the students' benefit as their main priority.

Lee Shu Li
ACCA, MCKL
Y.H Goh & CO, Malaysia

I would strongly encourage ACCA students to join MCKL as I enjoyed the college's study environment, its lecturers, the affordable course fee, and most of all, my college friends were like a closely knitted family since we were a small and focused group.

Ruphinee Chandran
ACCA, MCKL
*BSc (Hons) Degree in Applied Accounting,
Oxford Brookes University*

I chose MCKL as it is widely recognised as one of the top tuition providers for CAT and ACCA which made me comfortable to undergo both programmes at the college. Despite the challenging nature of my course, my lecturers guided me throughout the journey, and I also did have my share of fun thanks to a great bunch of friends I made in MCKL.

ACCA Foundation in Accountancy

KPT/JPS(R2/344/3/0183)(A9696)01/24

ACCA Foundation in Accountancy (ACCA FIA) is the entry level qualification consisting of 7 modules. It is the fast-tracked route that allows students to complete the ACCA Qualification in just 3 years.

This programme is designed for students who seek to pursue accountancy. It gives them a solid head start in accounting and business, and equips them with all the necessary technical skills and knowledge required to further pursue the ACCA Qualification.

Upon completion of this programme, students are eligible to gain exemptions on certain papers from the ACCA Qualification and be one step closer to professional status.

International Recognition: The Platinum Status
MCKL is one of the Top 3 Institutions in Kuala Lumpur with the Platinum Status Approved Learning Partner of ACCA.

Great Students Experience
Personalised classes with two-way interaction between lecturer and students, allowing students to learn and collaborate in an active learning environment.

Comprehensive Assessment
In-depth understanding in accountancy through continuous demonstration, practices and assessments to support candidates for the actual examinations.

Strong Accounting Focus
Develop skills and knowledge of accountancy with technology driven learning environment.

Learning opportunity with experts
Opportunity to expose and obtain relevant finance and accounting industry experience from multinational company experts.

Holistic Learning Environment
Exposure to real-life case studies and community-based projects, such as Service Learning and Character Formation, nurtures students with civic responsibility and stimulates critical thinking.

INTAKE

January, April & July

12

Months Programme

PROGRAMME STRUCTURE
